

NEW PRODUCTS ADDENDUM

PRESS BRAKE PRODUCTIVITY CATALOG

NEW PRODUCTS 2020

WILA has introduced a number of new products into our product line in 2020. The products featured in this addendum are not currently shown in our printed catalog dated 2020 and will be added to the next printing. Products with a page number can be found in our latest digital catalog. Products marked with a ☞ are in stock and ready to ship from our USA warehouse.

8" Tall American Punches

All of the versatility you've come to expect from New Standard Tooling is now available for select American Style Tooling profiles! These 8" American Style punches offer the necessary height for deep box bending and maximum versatility!

Shoulder-loaded Tool Extenders

You don't need to sacrifice tonnage capacity to get more versatility out of your tooling. WILA's new shoulder-loaded tool extenders allow for up to 160 t/m (54 t/ft) of tonnage capacity. The TSU-823 offers the added benefit of the safe use of straight tanged American tools in a WILA American Clamping system.
